

COVID-19 POLICY FOR IN-PERSON ATTENDANCE At Services, Meetings or Other Temple Functions*

The current Temple Beth Shalom of the West Valley policy limits in-person attendance to those persons who have been fully vaccinated for the virus and have provided proof of vaccination to TBS.

This can be done by:

- *showing the original certificate or a copy of the original on paper or via cell phone to the temple office or to the volunteer at the front desk before the start of services, or*
- *emailing a copy of the certificate to TempleBethShalomAz@gmail.com.*

For personal privacy reasons, we do not retain copies of any certificate.

*The COVID-19 policy for the Religious School contains some exceptions to this policy.

Based on the request of members who are fully vaccinated, but must continue to wear face masks when in settings with other fully vaccinated people who do not wear face masks, on November 21, 2021, the TBS Board of Directors approved the following:

- *A section of seats will be reserved during Shabbat services for those fully vaccinated persons who must continue to wear face masks and wish to be socially distanced from other persons.*
